## Village of Fruitvale News

### MAYOR'S MESSAGE

We have been busy for the past weeks preparing for our presentation to Minister of Municipal Affairs & Housing Selina Robinson at the Union of BC Municipalities meetings September 23 thru 27 in Vancouver. We have met with and assembled a supportive, enthusiastic team to work together with us on the demolition/development of our derelict school site. We have the support of the Lower Columbia Affordable Housing Society, Inclusive Housing BC, The Lower Columbia Community Development Team Society, Lower Columbia Initiatives Corporation, Columbia Basin Trust, The Skills Centre, i4C Innovation, Teck Metals, and Area A of the RDKB.

In addition to Councillor Kenny, Councillor Fitzpatrick, and myself, Area A Director Ali Grieve, Lila Cresswell representing the Lower Columbia Affordable Housing Society, and MLA Katrine Conroy will join us for the meeting with Minister Robinson on September 27.

We will lay out the steps we've taken so far in moving the development forward and ask for help with the next step which is demolition of the former school. The estimated \$1.5 million cost to demolish the school building is the hurdle we must pass in order to move forward. We will be attending the meeting at press time of this newsletter.

We have grant money in place to prepare a Masterplan for the site and have advertised a Request for Proposals from qualified providers of this service. This is a key piece with all our partners and the BC Government so we can put together a plan for financing the project. We will have the successful company do a draft plan followed by public engagement.

Kudos to the Beaver Valley Blooming Society for again planting and maintaining all of the beautiful flowers around the downtown area this summer, especially Al Rothwell whom you regularly see driving around in the evenings with a water tank in his truck making sure all the hanging baskets are adequately watered and healthy.

The coming months will bring several community events and fundraisers, check out the calendar and come out to support our community!

*Mayor Steve Morissette*

### HARVEST MARKET

Thank you to the vendors, buyers and browsers who attended our first Harvest Market on September 21. There were 14 vendors on site plus hot dogs and juice were available for shoppers to enjoy. Donations were collected at the hot dog and juice table and over \$100 was donated to the Beaver Valley Food Bank. Your support of our local food bank is very much appreciated.

## FALL CLEAN-UP

Mark your calendar for fall clean up on **Friday, October 18 and Monday, October 21**. Only organic material will be picked up and it must be placed in clear bags. **DO NOT USE VILLAGE OF FRUITVALE GARBAGE BAGS FOR FALL CLEAN-UP.**

Tree clippings must be tied in bundles no longer than 4 feet in length and piled in one location. If you choose to dispose of your compostable yard and garden material yourself, the McKelvey Creek Landfill Site accepts this material at a cost. Be prepared to empty your bags at the disposal area.

## GARBAGE COLLECTION FREQUENCY CHANGE

The Village of Fruitvale garbage collection frequency changes this month. The last weekly garbage collection will be October 22 for the south side and 23 for the north side. The next collection will take place two weeks later on November 5 for the south side and 6 for the north side.

## WINTER PREPARATIONS

It's not too early to start thinking about winter preparation. Recreational vehicles, basketball hoops, construction material, solar lights, flower planters, etc., **must** be removed from the boulevards by mid-October. Residents who park on the boulevard are reminded to find off-street parking. Parking on the boulevard and making a "snow berm" on the boulevard for your vehicle to park behind is not allowed as it interferes with snowploughing. Vehicles continuing this practise will be towed at the owner's expense.

Residents with fences or landscaping bordering Village streets are reminded that crews will store snow alongside private property boundaries to retain sufficient street width. Therefore, residents are advised to design and treat perimeter landscaping and fencing appropriately to minimize impacts. While the public works department takes extreme care when pushing back snow, the Village of Fruitvale is not responsible for damage to fences or other objects that may occur while performing regular duties.

### VILLAGE OF FRUITVALE UPCOMING COUNCIL MEETINGS

**Regular Council Meeting** - Monday, October 7 @ 6:00 pm.

## Fruitvale & District Water Service

The Water Works Department will be replacing the main water line and service lines for those residents from 9 Kootenay Avenue North to 1907 Highway 3B beginning September 30 for approximately two to three weeks. Residents in the vicinity of these properties may encounter intermittent water service interruptions and partial closure of Kootenay Avenue North. We will make every effort to limit these interruptions and inform residents should a lengthy interruption be required. Thank you for your understanding and cooperation during this project.
