

# VILLAGE OF FRUITVALE POLICY MANUAL

## **POLICY 5.99**

### **SEWER BLOCKAGE POLICY**

Clearing sewer blockages within the Main Lines is the responsibility of the Village of Fruitvale.

Costs for clearing any blockages within the service line are the responsibility of the property owner.

If the blockage is such that an excavation is required to clear the problem, the owner will be responsible for hiring and paying for the necessary equipment to dig on private property to resolve the problem. If the blockage requires excavation on Village property, the Village will dig or hire a contractor to resolve the problem. The Village has the right to determine the responsibility for the costs based on the origin of the problem.
