MCINNIS PARK GRAND OPENING CEREMONIAL FIRST PITCH

CHRIS KISSOCK

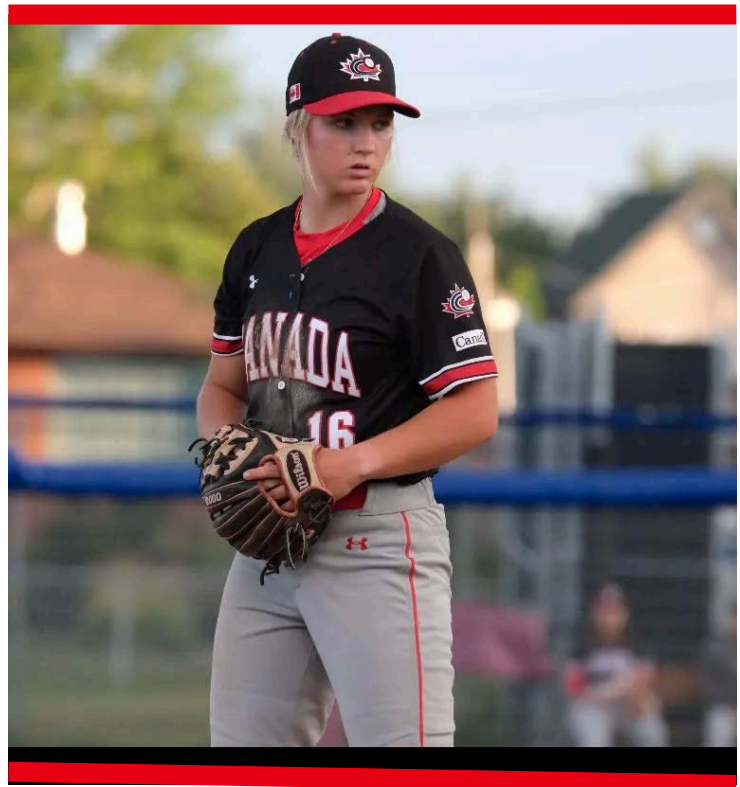

Chris grew up with a love for baseball, spending most of his days right here at McInnis Park playing for Beaver Valley Little League. In 2005, he earned a scholarship to Lewis-Clark State College, where he helped lead the Warriors to two national championships. In 2007, Chris was drafted in the 9th round by the Philadelphia Phillies and played eight years of professional baseball. He represented Team Canada, winning bronze medals at the Baseball World Cup in 2009 and 2011, and a gold medal at the 2011 Pan Am Games. That gold-medal team was later inducted into the Canadian Baseball Hall of Fame. Today, Chris shares his passion for the game by coaching his three young kids, mentoring youth in the community, and volunteering countless hours to the Little League organization.

ALLI SCHRODER

Alli began playing baseball at just three years old in Beaver Valley. She went on to play for the Trail Orioles and the Cranbrook Bandits in American Legion Baseball, earning an honorable mention on the Montana U19 All-State Team. Alli made history by becoming the first female to play college baseball in Canada when she signed with Vancouver Island University (VIU).

At 15, she was named to Team Canada's extended roster and made the full national team at 16, earning Baseball Canada's Futures Award. Now entering her ninth year on the national team, Alli holds a Pan Am Continental Qualifier bronze medal and two WBSC Women's Baseball World Cup bronze medals. Most recently, she was honored with Baseball Canada's Team Leadership Award.

Alli is featured in a Amazon Prime Series: "See Her Be Her" that focuses on bringing attention to high profile women in baseball.

Mayor Wes Startup - May 2025 Update

Village Staff and Council have been working diligently to finalize the 2025 budget. The Budget Open House was held mid-April and featured a presentation on the overall budget as well as a lively Q&A session. Based in part on public feedback at that forum residents will see a three percent increase in their property taxes this year.

At the Open House there was a fair amount of time spent discussing the Village's Reserve Funds. These funds are used to undertake projects such as paving, road improvements, and replace worn fleet equipment. With the tax increase of 3% this year we will be setting aside \$90,000.00 to go into our reserves. This amount is small when considering the 2024 cost of asphalt is in the range of \$70.00 per square meter and so we will see a small amount of paving/road repairs in 2025. To keep taxes low and to also start tackling our significant infrastructure needs Council is considering a Parcel Tax for 2026 which will be dedicated to building our reserve funds. More discussion and thought is required here and Council looks forward to any feedback or comments residents may have.

The demolition/remediation of the middle school gym is underway, and it is expected to be completed in the next several weeks. The site will be cleaned up and left in a more marketable state with the remaining part of the school, from the old library on, left intact. Council is pursuing long range alternatives for this portion the site, either demolishing or renovating whichever is most cost effective.

The Village is poised to complete phase two of the sewer Infiltration and Ingress (I&I) project which will entail the replacement of leaking sewer lines in the alley behind the downtown business district (McHale Lane). Completion of this work will greatly reduce the amount ground water, melt water, and rainwater that infiltrates the sewer pipes resulting in less effluent being treated at our sewage treatment plant. Reducing runtime on our sewage treatment plant and staying within our allowable discharge rates into Beaver Creek is critical and will result in long term cost savings.

Spring has arrived, a little earlier than I remember in the past. Spring is a time of outdoor activities and easy living, and I hope everyone has a wonderful time no matter your fun thing! Just make it happen! Be safe!

Area A - May Update

Ali Grieve

Ongoing Collaboration in the Valley

Making a Splash in Montrose

For several years now, residents across the Beaver Valley have enjoyed the popular Splash Park in Montrose—a well-loved and well-used community space. In recent discussions with Mayor Mike Walsh, I was excited to learn about some fantastic improvements planned for the park.

Given how widely this space is used by a broad range of community members, it felt like another great opportunity for collaboration in the Valley. In support of these enhancements, Area A has provided a grant of \$100K from Community Build Funds. Work expected to begin early this year (subject to new equipment arriving on time).

Planned improvements include:

- Added water features, including actuators for the visually impaired
- Additional picnic tables & benches to improve comfort for visitors
- Expanded shaded areas for better sun protection during hot summer days

We're lucky in the Beaver Valley to have such a diverse range of activities and amenities for our residents and families. Keep an eye out for details on an official grand opening later this year—we hope to see you there!

Yurt Coming Soon

Many of you are already familiar with Beaver Valley Family Park, a hidden gem located just 5 km east of Fruitvale in Area A. Last year, the site manager, in collaboration with RDKB staff, shared an exciting vision to better utilize some of the underused space within the park.

Thanks to 100% Provincial Grant Funds allocated to Area A in 2023, we're thrilled to announce that a yurt has been ordered from a Canadian company based in Langley. It's expected to arrive in approximately six weeks! ALL GRANT FUNDED!

Once in place, the yurt will be available to rent for unique overnight stays—similar to an “Airbnb”—and will also be available for small meetings, workshops, wedding showers, and community classes etc.

Stay tuned as this project takes shape—we're excited to bring new energy and possibilities to this special space!

CONCEPT DRAWING

DOG WASTE

Please be a responsible pet owner and pick up after your pooch. No one wants dog waste on their boulevard or having our parks polluted. Making it someone else's problem doesn't solve the issue.

VILLAGE SQUARE BOOK EXCHANGE

We are in need of bookshelves or any shelving units to store books at the Village Square building. If you have any to donate, please contact the office.

FAMILY FUN DAY

Mark your calendars! Family Fun Day is set for June 14th. Stay tuned for more details and a schedule of events coming soon.
