SECTION 2 -- GENERAL ADMINISTRATION

2.1. Title

2.1.1. This Bylaw may be cited as “Village of Fruitvale Zoning Bylaw 846, 2013”.

2.2. Purpose

2.2.1. This Bylaw is to provide a clear and efficient system of land use regulation for the orderly, economic, equitable and environmentally sensitive use, development, and re-development of all lands within the Village of Fruitvale, having regard for the provisions of the Village of Fruitvale’s Official Community Plan.

2.3. Zoning Map

2.3.1. The Village of Fruitvale is hereby divided into the following zones:

COLUMN 1	COLUMN 2	Zone transition from B/L 769, 2006
Section 12 – Rural Large Parcel Zones		
RLP 1	Rural Large Parcel 1	(formerly RU)
Section 13 – Rural Residential Zones		
RR1	Rural Residential 1	(formerly RU)
Section 14 – Urban Housing Zones

RU2	Small Lot Single and Two Family Housing	(formerly R1)
RM1	Low Density Multiple Housing	(formerly R4)
RM2	Medium Density Row Housing	(formerly R4)
RMP	Mobile Home Park	(formerly R3)
Section 15 – Commercial Zones		
C1	Village Centre Commercial	(formerly C1)
C2	Highway Commercial	(formerly C2)
Section 16 – Industrial Zones		
I1	General Industrial	(formerly I)
Section 17 – Public and Institutional Zones		
P1	Public Park and Open Space	(formerly PR)
P2	Administration, Public Service and Assembly	(formerly PR and ICF)
P3	Utilities	(formerly ICF)
Section 18 – Special Mixed Use Zones		
RMU	Residential Mixed Use	New Zone

- 2.3.2. The boundaries of those zones are shown on the “Zoning Map” which is attached as Schedule “A” to this Bylaw.
- 2.3.3. In this Bylaw, reference to zones as listed in Column 1 of Section 2.3.1 shall be deemed to mean and be the same as the zone listed in Column 2 of Section 2.3.1 and the words and numbers in the said columns shall be deemed to be interchangeable where the context of the Bylaw otherwise requires.

2.4. Uses and Regulations

- 2.4.1. Except for legal non-conforming uses or development approved by a development variance permit or a Board of Variance order, or another agreement or permit as authorized by provincial statute, the use, buildings, structures, in each zone or area shall be in accordance with the uses listed in the zone and all the appropriate regulations and requirements of this Bylaw.
- 2.4.2. No land, building, or structure, within the Village of Fruitvale shall be developed, used, constructed, erected, modified, converted, enlarged, re-constructed, altered, placed, or maintained except in conformity with the provisions of this Bylaw.
- 2.4.3. Notwithstanding section 2.4.2 the following uses, buildings and structures are permitted:
- a) the use of a building or part thereof as a temporary polling station, election official’s headquarters, candidate’s campaign office, and any other official temporary use in connection with a federal, provincial, or municipal election, referendum or census;
 - b) the use of a building, or part thereof, as a constituency office for a federal Member of Parliament or a provincial Member of the Legislative Assembly when located in a Commercial, Industrial or Institutional zone. Any signage for the constituency office will be required to meet the provisions of the Village of Fruitvale signage regulations currently in effect;
 - c) a temporary structure which is incidental to the erection, maintenance, alteration, or sales of a building, structure, lot or utility for which a building, development permit or preliminary layout approval has been issued provided that the structure is removed within 30 days of project completion or one year following the issuance of a building permit;
 - d) landscaping, where the existing grade and surface drainage pattern is not materially altered and will not create off-site impacts, except where required by Section 8;
 - e) railways except private sidings, pipelines, and irrigation ditches, conduits, flumes, and pumphouses;
 - f) minor impact utility services underground or within statutory rights-of-way and utility poles and anchors; and
 - g) construction, maintenance and repair of private walkways, pathways and driveways.

2.5. Compliance with Other Legislation

- 2.5.1. In addition to this Bylaw, a person is responsible for ascertaining and complying with the requirements of all other applicable municipal bylaws, or provincial or federal statutes and regulations.
- 2.5.2. The provisions of the development permit system included within the Official Community Plan apply in addition to the regulations in this Bylaw.

2.6. Applications in Process

- 2.6.1. A completed application for a building permit which is received prior to the effective date of this Bylaw shall be processed in accordance with Village of Fruitvale Consolidated Zoning Bylaw 769, 2006, unless the applicant provides a written request that their application be considered under this Bylaw. Such applications shall be approved or rejected within 12 months of this Bylaw coming into effect and, if rejected, any future development must comply with this Bylaw.

2.7. General Interpretation

- 2.7.1. Any enactments referred to herein are a reference to an enactment of British Columbia and regulations thereto, as amended, revised, consolidated or replaced from time to time, and any Bylaw referred to herein is a reference to an enactment of the Council of the Village of Fruitvale, as amended, revised, consolidated or replaced from time to time.
- 2.7.2. The headings given to sections, paragraphs, and sub-sections in this Bylaw are for convenience of reference only. They do not form part of this Bylaw and will not be used in the interpretation of this Bylaw.
- 2.7.3. All units of measurement contained within this Bylaw are in metric. Approximate imperial measurements if shown in brackets are for reference and convenience only. Abbreviations are shown as follows:
- a) Meters and square metres = m and m²
 - b) Liters = l
 - c) Kilometres = km
 - d) Hectares = ha
- 2.7.4. The Schedules attached to this Bylaw form part of this Bylaw.

2.8. Repeal

- 2.8.1. The Village of Fruitvale Consolidated Zoning Bylaw 769, 2006, and all amendments thereto, is hereby repealed.
- 2.8.2. The Village of Fruitvale Mobile Home Park Bylaw 242, 1975, and all amendments thereto, is hereby repealed

SECTION 3 -- INTERPRETATION

3.1. Rules of Interpretation

- 3.1.1. Words used in the present tense include the other tenses and derivative forms; words used in the singular include the plural and vice versa; and the word "person" includes a corporation, firm, partnership, trust, and other similar entities as well as an individual. Words have the same meaning whether they are capitalized or not.
- 3.1.2. The words "shall" and "is" require mandatory compliance except where a variance has been granted pursuant to the Local Government Act.
- 3.1.3. The phrase "used for" includes "arranged for", "designed for", "maintained for", or "occupied for".
- 3.1.4. Words, phrases, and terms neither defined in this section nor in the Local Government Act or Community Charter shall be given their usual and customary meaning.

3.2. Zone Boundaries

- 3.2.1. The zone boundaries on the Zoning Map shall be interpreted as follows:
- a) Where a zone boundary follows a street, lane, railway, pipeline, power line, utility right-of-way, or easement, it follows the centerline, unless otherwise clearly indicated on the Zoning Map;
 - b) Where a zone boundary is shown as approximately following the Village boundary, it follows the Village boundary;
 - c) Where a zone boundary is shown as approximately following the edge, shoreline, or high water mark of a water body, it follows the natural boundary. In the event of change, it moves with the natural boundary;
 - d) Where a zone boundary is shown as approximately following a property line, it follows the property line;
 - e) Where a zone boundary is shown as approximately following a topographic contour line or a top-of-bank line, it follows that line;
 - f) Where a zone boundary is shown as being generally parallel to or as an extension of any of the features listed above, it shall be so; and
 - g) In circumstances not covered above, the zone boundary shall be determined by the scale of the Zoning Map.

- 3.2.2. When any street is closed, the roadway lands have the same zoning as the abutting land. When abutting lands are governed by different zones, the centre of roadway is the zone boundary unless the zone boundary is shown clearly following the edge of the roadway. If the roadway is consolidated with an adjoining parcel, that parcel's zoning designation applies to affected portions of the roadway.

3.3. General Definitions

- 3.3.1. The definitions of uses group individual land uses into a specified number of classes, with common functional or physical impact characteristics. They define the range of uses which are principal and secondary, with or without conditions, within various zones of this Bylaw.

- 3.3.2. The following guidelines shall be applied in interpreting the use class definitions:

- a) Typical uses listed in the definitions as examples are not intended to be exclusive or restrictive; and
- b) Where a specific use does not conform to the wording of any use class definition or generally conforms to the wording of two or more definitions, the use conforms to and is included in that use class which is most appropriate in character and purpose.

- 3.3.3. The following words, terms, and phrases, wherever they occur in this Bylaw, shall have the meaning assigned to them as follows:

T

TANDEM PARKING means two parking spaces, one behind the other, with a common or shared point of access to a manoeuvring aisle, lane or street.

TEMPORARY SHELTER SERVICES means the provision of communal, transient accommodation sponsored or supervised by a public authority or non-profit agency intended to provide basic lodgings for persons requiring immediate shelter and assistance for a short period of time. Typical uses include but are not limited to hostels and over-night shelters.

THRIFT STORE means any store or business operated by a registered non-profit society selling second-hand or used goods, the entire proceeds of which, above the actual bona-fide expenses, are devoted to any charitable purpose.

TOP OF BANK means the natural topographical break where elevation of land is at its peak. If the distance from the high water mark to the toe of the slope is less than 15.0 m, then setbacks should be measured from the first significant and regular break in slope which is at least 15.0 m wide. Terraces less than 15.0 m wide below the slope break shall be included in the leave strip area.

TOURIST CAMPSITE means development of land which has been planned and improved for the seasonal short term use of holiday trailers, motor homes, tents, campers and similar recreational vehicles, and is not used as year round storage or accommodation for residential use for a period not to exceed 90 days in one year. Typical uses include but are not limited to tourist trailer parks, campsites, and tenting grounds.

TRUCK AND MANUFACTURED HOME SALES RENTAL means development used for the sale or rental of new or used trucks, motorhomes, manufactured homes, and automobiles together with incidental maintenance services and the sale of parts and accessories. Typical uses include but are not limited to truck dealerships, recreation vehicle sales, and manufactured home dealerships.

TWO DWELLING HOUSING means housing that contains two single family dwelling units, one of which may or may not be a permitted secondary suite.

U

URBAN SERVICES means the provision of utility infrastructure consisting of a community water system, a storm drainage system, a municipally provided sanitary sewer collection system, and paved roadways adjacent to the site.

USE means the purposes for which land or a building is arranged or intended, or for which either land, a building, or a structure is, or may be, occupied and maintained.

USE, ACCESSORY means a use that is normally ancillary, incidental, subordinate, and located on the same lot as the principal use. Parking may be an accessory use when it serves the principal use and does not serve uses on other sites. Accessory uses include recreational amenities in residential developments that are devoted to the exclusive use of residents living on the same site. Accessory uses are permitted only in conjunction with a permitted principal use.

USE, PRINCIPAL means the main or primary use of land, buildings or structures that is provided for in the list of permitted uses in the zones of this Bylaw.

USE, SECONDARY means those uses in the lists of secondary uses in the zones of this Bylaw which must be in conjunction with a principal use. For example, a Home Occupation is a secondary use, not a principal use.

USED GOODS STORE means development used for the retail sale of second-hand or used major and minor household goods, including the refurbishing and repair of the goods being sold. Typical uses include but are not limited to the re-sale of items such as antiques, used furniture, major appliances, and the resale of clothing, jewellery, stereos and musical instruments. This does not include the sale of used vehicles, recreation craft or construction and industrial equipment, or flea markets, auctioneering establishments, pawnshops or second-hand dealerships.

UTILITY SERVICES, MAJOR IMPACT means development for utility infrastructure purposes which is likely to have a major impact on the environment or adjacent uses by virtue of their potential emissions or effects, or their appearance. Typical uses include but are not limited to sanitary land fill sites, sewage treatment plants, water treatment plants, major pumphouses, water towers or tanks, sewage lagoons, snow dumping sites, sludge disposal beds, garbage transfer and compacting stations, power terminal and distributing stations, power generating stations, cooling plants, equipment and material storage yards for vehicles, utilities and services, District heating plants, incinerators, and waste recycling plants.

UTILITY SERVICES, MINOR IMPACT means development for utility infrastructure purposes which is likely to have only minor impact on the environment or adjacent land uses by virtue of its appearance, noise, size, traffic generation or operational characteristics. Typical uses in this class include but are not limited to telephone exchanges, wire centres, switching centres, surface reservoirs or storm water lakes including adjacent landscaping and walkways, minor pumphouses, communication towers, gate stations for natural gas distribution, and transit terminals.

V

VEHICLE means any motor vehicle as defined in the Motor Vehicle Act.

VEHICLE AND EQUIPMENT SERVICES, INDUSTRIAL means development used for the sale, rental, service, or repair of heavy vehicles, machinery or mechanical equipment typically used in building, roadway, pipeline, oil field and mining construction, manufacturing, assembling and processing operations and agricultural production. This does not include truck and manufactured home sales rentals.

VEHICULAR ORIENTED USE means a use which predominantly caters to automotive vehicular traffic. Vehicular-oriented uses include but are not limited to gas bars, service stations, drive-ins, drive-through vehicle services, and similar developments providing drive-in services in which patrons generally remain within their vehicles.

VILLAGE means the whole of Fruitvale as defined by the legal municipal boundaries.

VILLAGE CENTRE means that area designated in the Official Community Plan as the core commercial area of the community.

W

WALKWAY means a street intended to carry pedestrian and non-motorized traffic only, except that a walkway may be designed to afford emergency vehicle use.

WAREHOUSE SALES means development used for the wholesale or retail sale of a limited range of bulky goods from within an enclosed building where the size and nature of the principal goods being sold typically require large floor areas for direct display to the purchaser or consumer. Typical uses include but are not limited to developments where principal goods being sold are such bulky items as furniture, carpet, major appliances, and building materials. This use does not include developments used for the retail sale of food or a broad range of goods for personal or household use.

WATERCOURSE means any natural depression with visible banks, that contains water at some time, and includes any lake, river, stream, creek, spring, ravine, swamp, gulch, coulee, wetland, or surface source of water, whether containing fish or not, including intermittent streams, and drainage works that contain fish.

WRECKING YARD means any land or building used for the collection, demolition, dismantlement, storage, salvage, recycling or sale of waste materials including scrap metal, vehicles, machinery, and other discarded materials.

Y

YARD means an area created by setback measured 0.5 m above grade.

YARD, FRONT means the area between side lot lines extending from the front lot line to the nearest wall or supporting member of a building or structure.

YARD, REAR means the area between the side lot lines extending from the rear lot line to the nearest wall or supporting member of a building or structure.

YARD REQUIRED means that portion of a lot situated between a lot line and the line established by the associated minimum site yard line.

YARD, SIDE means that part of the lot which extends from a front yard to the rear yard between the side lot line and the nearest wall or supporting member of a building or structure.

Z

ZONE means the areas into which the Village is divided in accordance with the maps attached as Schedule "A" of this Bylaw and for which specific regulations are outlined herein for each area.

SECTION 4 -- SEVERABILITY

4.1. Severability

- 4.1.1. If any section, paragraph or phrase of this Bylaw is for any reason held to be invalid by a decision of a Court of competent jurisdiction, such decision will not affect the validity of the remaining portions of this Bylaw.

SECTION 5 -- ENFORCEMENT

5.1. General

- 5.1.1. Persons appointed by the Council of the Village of Fruitvale are hereby authorized to enforce this Bylaw.

5.2. Right of Entry

- 5.2.1. Building Inspectors, Bylaw Enforcement Officers and other persons appointed by the Council of the Village of Fruitvale shall have the right of entry and may enter onto any land or into any building at all reasonable hours in order to inspect the same and to ascertain whether the provisions of this Bylaw have been carried out.
- 5.2.2. No person shall interfere with or obstruct the entry of a Bylaw Enforcement Officer or any authorized Village representative onto any land or into any building to which entry is made or attempted pursuant to the provisions of this Bylaw.

5.3. Prohibitions

- 5.3.1. No person shall contravene, cause, suffer, or permit a contravention of this Bylaw.
- 5.3.2. No person shall commence an alteration of land or undertake a use which is not permitted by this Bylaw.
- 5.3.3. No person shall construct, make an addition to or alter a building or structure, which is not permitted by this Bylaw.
- 5.3.4. No person shall contravene a condition of a permit issued under this Bylaw.
- 5.3.5. No person shall modify any description, specifications, or plans that were the basis for the issuance of any permit by Council or delegated body or a Building Inspector.
- 5.3.6. No person shall authorize or do any development that is at variance with the description, specifications or plans that were the basis for the issuance of a building permit.
- 5.3.7. No owner, lessee, tenant, or person shall:
- a) place or permit a commercial vehicle in excess of 4,000 kg licensed gross vehicle weight on a lot in a residential zone other than a Rural Residential zone;
 - b) place or permit a recreational vehicle in excess of 5,500 kg. licensed gross vehicle weight on a lot in a residential zone other than a Rural Residential zone;

Zoning
Amendment
Bylaw 862,
2015

- c) permit a motor vehicle in a state of disrepair or derelict for more than 30 days on a lot in a residential zone;
- d) permit more than two recreational vehicles outdoors on a lot in a residential zone;
- e) permit a fuel storage tank exceeding 205 l on a lot in a residential zone;
- f) permit a shipping container on a lot in a residential zone;
- g) fail to deflect lighting away from adjacent property as required by Section 7.8; or
- h) permit a use in a zone where the use is not listed as a principal or secondary use in the zone.
- i) distribute cannabis for any purpose and in any product form in any residential any zone (and more specifically as a Home Occupation) and/or cultivate for commercial purposes in any residential zone in Fruitvale.

2018

5.4. Penalties

- 5.4.1. Every person who violates a provision of this Bylaw commits an offence and is liable on summary conviction to a penalty not exceeding Ten Thousand Dollars (\$10,000.00) and the costs of prosecution.
- 5.4.2. Each day a violation of the provisions of this Bylaw exists or is permitted to exist shall constitute a separate offence.

SECTION 6 -- AMENDMENTS

6.1. Application

- 6.1.1. Any person applying to have any provision of this bylaw amended shall apply in writing by submitting an application in the form and manner prescribed in the Village of Fruitvale Development Application Procedures Bylaw currently in effect, and as amended from time to time.

SECTION 7 -- GENERAL DEVELOPMENT REGULATIONS

7.1. Swimming Pools

- 7.1.1. Swimming pools shall not be located in a required front yard.
- 7.1.2. Above ground swimming pools shall meet the siting requirements of accessory buildings.
- 7.1.3. At grade swimming pools shall be located at a minimum of 1.0 m from side and rear property lines and 1.5 m from any street, except for a required front yard.
- 7.1.4. Every private swimming pool or lot which contains a swimming pool shall be enclosed within a secure and sturdy fence not less than 1.2 m in height above grade level. The fence shall be equipped with a self-closing gate and secured by a spring lock not less than 1 m above grade, designed to open from inside the fence. The fence and gate shall be erected simultaneously with the excavation and construction of the swimming pool.
- 7.1.5. Minimum lot coverage requirements shall not apply to uncovered swimming pools.

7.2. Yards

- 7.2.1. A part of a lot reserved as a yard shall not be deemed to form part of any abutting lot for the purpose of computing the area available for building purposes or any other purpose.
- 7.2.2. Where a lot which is not a corner lot has frontage on more than one street, or fronts both a street and a lane which is used for primary access, any building, structure or accessory building shall be located on such lot to maintain a front yard on each street frontage so as to be consistent with the predominant front yard setback in the block.
- 7.2.3. In the case of a corner lot the front yard shall be the narrower of the two frontages.

7.3. Projections Into Yards

- 7.3.1. Chimneys, cornices, leaders, pilasters, sills, bay windows, a cantilevered section of a building or ornamental features may project into a required yard, provided such projections do not exceed 0.6 m. Structural projections, excluding purely architectural or aesthetic features, shall comprise not more than 20% of an exterior wall in which it is located. For buildings or structures that are more than one storey, the area of the structural projection shall be calculated per storey.

- 7.3.2. Unenclosed steps, eaves, awnings, decks, canopies, balconies, or porches may project into a required yard provided such projections do not exceed 0.6 m. Ramps for the purpose of allowing access for mobility challenged/disabled persons are not subject to this provision, and may project into a required yard as necessary to provide appropriate access.
- 7.3.3. Entrance canopies or awnings in RM zones for weather protection or building ornamentation may project no more than 3.0 m into a front yard or a flanking side yard or no closer than 1.5 m to a side lot line.
- 7.3.4. All canopies and awnings shall be designed to direct run-off and snow away from the sidewalk below.
- 7.3.5. Utilities, storage tanks, underground parking and similar structures constructed entirely beneath the surface of the ground may encroach into required yards provided such underground encroachments do not result in a grade inconsistent with abutting properties and the encroachments are covered by sufficient soil depth or surface treatment to foster landscaping, provided that storage tanks containing flammable materials shall be subject to the British Columbia Fire Code.

7.4. Undersized Lots

- 7.4.1. Where a lot is reduced in size as a result of a taking for public use by the Municipal, Provincial or Federal Government, the Board of School Trustees, or a Public Utility by dedication, expropriation, or purchase, the lot and buildings and structures thereon are deemed to conform with the provisions of this Bylaw and the lot shall be considered to exist as it did prior to the taking for the purpose of further development upon the lot under its existing zoning regulations, providing such taking:
- a) does not reduce a minimum front, side or rear yard below 1.5 m unless this Bylaw does not require such yard;
 - b) the utility installation does not endanger the continuing use of the property as permitted by this Bylaw; and
 - c) does not result in the parcel being rendered unsuitable for any of the uses permitted in the zone in which the lot is located.
- 7.4.2. A principal or secondary use is permitted on a lot less than the minimum lot size in that zone provided that the development otherwise complies with all the regulations of this Bylaw.

7.5. Accessory Development

7.5.1. No person shall erect or permit to be erected a satellite dish, radio or television mast in a residential zone:

- a) that is located in a required front or side yard or projects over any lot line; and
- b) is higher than the height permitted for any accessory structure in that zone unless the property owner or tenant holds a current Amateur Radio License issued by Industry Canada.

7.5.2. Accessory buildings or structures in non-residential zones:

- a) An accessory building or structure in any non-residential zone is subject to the development regulations for that zone.
- b) Notwithstanding Section 7.5.2 (a), an accessory building or structure on a lot in a non-residential zone which abuts a lot in a residential zone shall not be less than 1.5 m from the boundary of the lot in a residential zone.

7.5.3. Accessory buildings or structures in residential zones:

- a) Accessory buildings or structures are not permitted in a required front yard and shall be a minimum of 1 m from the principal residence.
- b) An accessory building or structure shall not be used as a dwelling unless it is a permitted accessory suite.
- c) Lot coverage of accessory buildings or structures shall not exceed 14% in the Residential Urban zones.
- d) Accessory buildings and structures shall be located on an interior lot as follows:
 - i.) an accessory building in an urban residential zone or a rural residential zone shall not be located closer than 18.0 m to the front lot line unless it complies with the side yard requirements for a principal building and is located at least two times the distance of the required front yard setback for that zone from the front lot line;
 - ii.) an accessory building in an urban residential zone or a rural residential zone shall be located no less than 1.0 m from the side lot line, except that where the accessory building does not exceed the fence height (2.0 m) and is less than 10.0 m² in area, it may be located within 0.0 m from the side lot line. Accessory buildings containing suites shall conform to the side yard setback requirements for the principal building in the zone;
 - iii.) mechanical equipment shall be located to comply with the side yard setback for the principal building.

Zoning
Amendment
Bylaw 909,
2019

- e) In addition to the provisions of Section 7.5.3(d), the distance between an accessory building and the side lot line abutting a flanking street, shall not be less than the side yard abutting a flanking street required for the principal building.
- f) An accessory building or structure on any through lot shall be sited as if a front yard is required on both lot lines abutting streets.
- g) Temporary vehicle shelters are permitted under the following conditions:
- i. Only one (1) temporary vehicle shelter may be installed in the front yard of any residential property;
 - ii. Installation is only permitted from October 15th through April 15th of the following year;
 - iii. Such temporary vehicle shelter must be in good repair at all times while installed;
 - iv. No temporary vehicle shelter may be located:
 - closer than 1 m to the front lot line
 - closer than 1 m to the side lot line
 - closer than 1.5 m to any fire hydrant; or
 - closer than 5 m to any intersection (sight line clearance).
 - v. Any temporary shelter must leave clearance to ensure snow remains within the property lines
 - vi. No temporary vehicle shelter may be used for storage.

Zoning
Amendment
Bylaw 863,
2015

7.6. Height and Grade

- 7.6.1. In determining whether a development conforms to the maximum height permitted in any zone, structures such as chimney stacks, aerials, antennae, water towers, wind machines, monuments, observation and transmission towers, farm silos, steeples, elevator housings, roof stairway entrances, ventilating equipment, skylights, or flagpoles for federal, provincial, or municipal flags shall not be considered for the purpose of determining the height.
- 7.6.2. Walkout basements oriented to the rear yard shall not be considered for the purpose of determining height for single dwelling housing, duplex housing, or semi-detached housing. Where access is required through, and is limited to, a lane the yard abutting the lane may be considered the front yard.
- 7.6.3. No building or structure shall be erected in any zone without first obtaining the approval of the Building Inspector as to the proposed building grade. The proposed building grade shall to the extent possible, retain the natural grade of the land, minimize the necessity to use retaining walls and ensure positive drainage away from abutting properties.

- 7.6.4. Where the width of the dormer or dormers exceeds 50% of the width of the roof on which they are located, the height of the dormer will be measured as if it were the main roof.

7.7. Services

- 7.7.1. No building, structure, or lot in any zone shall be used for any purpose that requires street access or services unless:

- a) the owner has obtained proper authorization to have the required services installed and has installed such services in accordance with the Village of Fruitvale Subdivision and Development Servicing Bylaw currently in effect; and
- b) the lot has actual physical access from the street.

7.8. Lighting

- 7.8.1. Any outdoor lighting for any development shall be located and arranged so that light rays are deflected downward to minimize impact on surrounding development and no direct rays of light are directed at any adjoining properties or interfere with the effectiveness of any traffic control device.

- 7.8.2. Site areas with public access shall be lit in keeping with the principles of crime prevention through environmental design and require site lighting as is necessary to encourage pedestrian safety and allow casual surveillance from adjacent buildings and streets of parking areas and walkways.

7.9. Housing Agreements

- 7.9.1. Council may consider entering into a Housing Agreement pursuant to the Local Government Act, as a condition of approval for special needs housing, and the Housing Agreement may contain contractual arrangements as to any, or all, of the following:

- a) the use of the lot in relation to any existing or proposed building or structure including the preservation of buildings, structures and environmental setbacks;
- b) the occupancy, form of tenure, availability, administration, management and rent provisions, of the housing units;
- c) the timing of the development; and
- d) such other conditions as may be considered reasonable under the circumstances.

- 7.9.2. Increases in the maximum specified density, or reductions in parking or loading requirements are permitted in the RM1, RM2, and C1 zones, provided:

- a) the owner enters into a Housing Agreement satisfactory to the Village of Fruitvale; and
- b) such public benefit, determined by the Village of Fruitvale, may include affordable or special needs housing for sale or rental at below market rates to qualifying purchasers or tenants or, amenities or amenity improvements to public spaces or community facilities.

7.9.3. All agreements entered into pursuant to Section 7.9. shall run with the land as a priority charge against the title of the subject lands at the Land Title Office.

7.10. Setback from Provincial Highways

7.10.1. All buildings and structures on lots abutting Highway 3B shall not be closer than 4.5 m to the Highway. A variance to no less than 3 m from the highway will require approval from Provincial Government Authorities (MOTI).

7.11. Rooftop Screening

7.11.1. Rooftop, mechanical, and electrical equipment shall be screened from view from a public roadway or adjacent property at grade.

7.12. Utility Cabinets

7.12.1. Minor utility cabinets for the provision of telephone, power, cable television or other utility services, when located outside a statutory right-of-way, shall comply with the following:

- a) a cabinet less than 1.8 m in height with no horizontal dimension exceeding 1.0 m need not comply with any yard requirements in any zone;
- b) a cabinet less than 1.8 m in height with a horizontal dimension between 1.0 m and 2.0 m must be set back at least 1.0 m from a lot line; and
- c) a cabinet greater than 1.8 m in height or with a horizontal dimension exceeding 2.0 m shall comply with the setbacks for accessory structures in that zone.

7.13. Distance from Watercourse, Bodies of Water

7.13.1. Notwithstanding any other provisions of this Bylaw, no building or any part thereof shall be constructed, reconstructed, moved or extended nor shall any dwelling, mobile structure, or structure be located:

- a) within 15.0 m of the natural boundary of a lake, swamp or pond, or any other nearby watercourse;

- b) with the underside of the floor system of any area used for habitation, business, or storage of goods damageable by floodwaters, or in the case of a manufactured home or unit the ground level on which it is located: lower than 0.6 m above the two hundred year flood level where it has been determined; nor lower than 1.5 m above the natural boundary of any other nearby lake, swamp or pond.

7.13.2. Sub-section 7.13.1 (b) shall not apply to:

- a) a renovation of an existing building or structure used as a residence that does not involve an addition thereto;
- b) that portion of a building or structure to be used as a carport or garage;
- c) farm buildings other than dwelling units and closed-sided livestock housing.

7.13.3. The required elevation may be achieved by structural elevation of the said habitable, business, or storage area or by adequately compacted landfill on which any building is to be constructed or manufactured home located, or by a combination of both structural elevation and landfill.

7.13.4. Where landfill is used to achieve the required elevations stated in Sub-section 7.13.1 (b), no portion of the landfill slope shall be closer than the distances in Sub-section 7.13.1 (a) from the natural boundary, and the face of the landfill slope shall be adequately protected against erosion from floodwaters.

7.14. Storage of Materials

7.14.1. Storage of materials shall not be permitted in any required front yard.

7.15. Density Bonusing

7.15.1. The density of development within a zone may be increased as set out within a specific zone where the developer has provided an amenity in accordance with Table 7.1.

Table 7.1: Amenity Provisions for Density Bonusing

Zone	Approved Amenity
RM1	Provision of landscaped open space or amenity area accessible to the public during daylight hours, which may contain public art or other public benefit;
RM2	
C1	Preservation of Heritage Buildings;

7.16. Community Gardens

7.16.1. Community gardens are permitted in all zones in the Village of Fruitvale.

7.17. Moved On Buildings

- 7.17.1. No person shall relocate a manufactured home, structure, building or part thereof into the Village of Fruitvale, or from one property to another within the Village of Fruitvale unless the owner or agent has first obtained a building permit for that purpose as provided for in the applicable Village of Fruitvale Building Regulation Bylaw.
- 7.17.2. The relocation of manufactured homes factory constructed and assembled more than 20 years prior to the date of permit application is prohibited. The year, make, model and serial number shall be determined by the CSA Rating Plate and/or the Province of BC Mobile Home Registry.
- 7.17.3. A person applying to relocate a manufactured home, structure, building or part thereof shall require a pre-move inspection by the Building Inspector including a walk through survey to monitor the condition of the structure in relation to structural stability, life safety, fire safety and health requirements pursuant to the BC Building Code.
- 7.17.4. A Building inspector may require a report from an accredited restoration company or Registered Professional with experience in Environmental Engineering stating that there are no environmental issues or hazards regarding health and safety to the occupants prior to issuing a Building Permit to relocate a manufactured home, mobile home or ther building.
- 7.17.5. Where a manufactured home or mobile home is less than 5 years old, the building evaluation may be waived by the Building Inspector.
- 7.17.6. The Building Inspector may issue a permit for construction involved in the moving of any building, structure or part thereof into or within the Village when the owner has deposited with the Village a security deposit in the sum of \$5000 in the form of cash or a letter of credit to insure that the building, structure or part thereof is moved onto the new parcel within the Village and all construction is completed as required by this Bylaw within 180 days from the date of issuance of the permit.

SECTION 8 -- LANDSCAPING AND SCREENING

8.1. Required Landscaping

- 8.1.1. The minimum level of landscaping required in each zone along all front, rear and side yards shall be determined from the Minimum Landscape Buffer Treatment Levels Schedule (Table 8.1). The landscaping details shall be as established in the Minimum Landscape Buffer provisions of Section 8.4.
- 8.1.2. In cases where property is to be developed in phases, landscaping need only be provided on that portion of the property to be developed in each phase. Landscaping shall be required in subsequent phases on the remainder of the property at the time that these are developed.
- 8.1.3. Notwithstanding Section 8.1.2, where the property is to be developed in phases, those portions of the property that will be developed in later phases shall have a minimum level of landscaping to ensure that no erosion of surface materials occurs through either wind or water action. The landscaping may be provided by either retention of existing vegetation or placement of new material.

8.2. Landscaping Standards

- 8.2.1. All required landscape areas and installations shall meet or exceed the British Columbia Nursery Trades Association Standards and be regularly maintained.
- 8.2.2. Required minimum landscape buffers in Section 8.6 shall be continuous along the affected property boundaries, except that they may be interrupted only by walkways and driveways providing access to the property and running perpendicular to the property line.
- 8.2.3. All required landscaped areas will be graded to meet the following criteria or as may be specified in an approved Development Permit:
- a) Maximum 1:3 slope (33%) for lawn areas;
 - b) Maximum 1:2 slope (50%) for shrub or ground cover area;
 - c) Minimum 1:50 slope (2%) or cross slope for any landscaped area;
 - d) All site grading will direct overland drainage along or away from any landscape buffer to collection points on-site away from buildings;
 - e) All areas in which the existing slope exceeds 30% are to be identified;
 - f) All areas developed and adjacent lands impacted by development with slopes greater than 30% shall be rehabilitated using indigenous vegetation common to the site.
- 8.2.4. All outdoor storage areas shall have a dust-free surface.

- 8.2.5. All construction on-site must occur concurrently with erosion control measures to prevent the pollution, degradation, or siltation of natural areas and water courses. This includes the provision of temporary fencing prior to and during construction.
- 8.2.6. All required landscape buffer areas shall be watered by a fully automatic irrigation system. No run-off onto sidewalks, streets, or parking areas shall be permitted.
- 8.2.7. Notwithstanding Section 8.2.6, the following areas are exempt from having permanent fully automatic irrigation systems:
- a) existing areas of undisturbed native vegetation which have been accepted as landscape buffer; and
 - b) landscape buffers which are established with drought resistant species to return the area to a natural condition.
- 8.2.8. Where the retention of native trees and ground cover is required or permitted, a letter from a registered professional landscape architect or registered professional forester shall be submitted, indicating the mitigation measures required during and after the construction to ensure the health of the vegetation.
- 8.2.9. New trees and shrubs shall follow a consistent lateral placement and be set back a minimum of 1.0 m from all underground utilities.
- 8.2.10. New trees and shrubs planted as part of landscaping requirements shall not be pest host species.

8.3. Refuse and Recycling Bins and Shipping Containers

- 8.3.1. When any development is proposed, provisions for garbage storage, recycling and collection shall be provided on the same site as the development.
- 8.3.2. All site refuse and recycling bins, including all other large receptacles used for the temporary storage of materials, and shipping containers where permitted, require opaque screening from adjacent lots and streets.
- 8.3.3. All screening will be a minimum of 2.0 m in height to a maximum height that is equivalent to the height of the refuse or recycling bin, or shipping container where permitted.
- 8.3.4. All sides open to public view shall be screened by the additional planting of shrub and groundcover material at least 1.5 m in height.

- 8.3.5. Notwithstanding Sub-section 8.3.2, a refuse or recycling bin or shipping container where permitted, located within a property and screened from adjoining lots will not require any screening or landscape buffer.
- 8.3.6. All refuse or recycling bins or shipping containers where permitted, shall be located a minimum of 3.0 m from any abutting residential zone so as to not obstruct pedestrian or vehicle traffic.
- 8.3.7. An unobstructed access lane with a minimum width of 3.0 m and a minimum vertical clearance of 4.6 m shall be provided to provide access to a required garbage and recycling room or enclosure.

8.4. Minimum Landscape Buffers

- 8.4.1. Landscape buffers, of a design as shown on the Minimum Landscape Buffer Treatment Drawings (Levels 2 through 4), the front yard, side yards, and rear yard depending upon the zone as indicated by Table 8.1.

Minimum Landscape Buffer Treatment Level Schedule and Diagrams 8.1, 8.2, and 8.3, are as follows:

- a) Level 1: no specific guidelines for the design of the landscape buffer;

- b) Level 2: a minimum 3.0 m landscape buffer is required to separate uses from adjacent properties and will consist of a vegetative buffer where no continuous opaque barrier is required;
- c) Level 3: a minimum 3.0 m landscape buffer is required to separate uses from adjacent properties and will consist of a vegetative buffer or a continuous opaque barrier; and
- d) Level 4: a minimum 3.0 m landscape buffer is required to separate uses from adjacent properties and will consist of coniferous tree or shrub species or native vegetation to provide a continuous opaque screen for parking areas.

8.4.2. Trees shall be spaced, on average, to the dimensions specified in the approved drawings. Deciduous trees shall have a minimum calliper of 60 mm with a minimum clear stem height of 1.5 m. Conifers shall be a minimum of 2.5 m high. Irrigated No. 2 pot shrubs are to be placed at a maximum spacing of 1.0 m on centre, with 10 cm ground cover at a maximum spacing of 450 mm.

8.4.3. Trees or shrubs higher than 60 cm shall not be located in the visual triangle indicated in Diagrams 8.1, 8.2, and 8.3.

8.4.4. Where a visual screen is required it may consist of either vegetation or decorative fence or wall. The minimum height of the screen is 1.2 m for Level 3, and 1.5 m for Level 4 at maturity.

8.4.5. Notwithstanding paragraph 8.4.1, buffer widths between a building or structure and the property line may be reduced to the width of the required yard if the required yard is narrower than the buffer specified in that section.

8.4.6. Where a side yard Landscape Buffer Treatment is required and an opaque barrier is included in the Landscape Buffer Treatment Design, the opaque barrier may be located at the property line.

8.4.7. Landscape Buffer Treatments for school sites may be amended from the standards indicated in Table 8.1 – Minimum Landscape Buffer Treatment Levels Schedule. Where changes to the standards are proposed, supporting documentation from a registered landscape architect must be provided that confirms that the following objectives have been met:

- a) that sufficient screening to adjacent residential properties has been achieved;
- b) that adequate landscaping has been provided to provide shade for buildings and play areas;
- c) driveway entrances and parking areas have been appropriately landscaped for optimization of screening and vehicular sight lines; and,
- d) landscaping around active play areas ensures safety to children on the school grounds.

- 8.4.8. Where perimeter landscaping cannot be provided due to any of the above noted objectives, the School District will be required to provide or upgrade boulevard trees on all abutting roads.
- 8.4.9. In addition to the minimum landscape buffer treatment levels above:
- a) all lands adjacent to Highway 3B, except those within the Village Centre, are required to have Level 4 landscape buffer treatment unless superseded by Development Permit guidelines;
 - b) all non-accessory surface parking lots in a the Village Centre shall have a level 2 buffer zone;
 - c) required landscape islands in parking areas shall have the same level of landscaping as a Level 2 buffer zone;
 - d) recreational vehicle parking compounds in residential zones shall have a Level 4 buffer zone;
 - e) on corner lots, or lots having more than one street frontage, front yard landscape buffers shall apply to all street frontages; and
 - f) for development in industrial zones with parking located in front of the building, level 4 buffers shall apply for the front yard, and in the case of a corner lot, for the front yard and the flanking side yard.
- 8.4.10. Notwithstanding Section 8.4.1, all landscape areas should reflect the character and intent of the Official Community Plan and the Development Permit Guidelines contained therein.

8.5. Fencing and Retaining Walls

- 8.5.1. Screen fences shall be consistent with the quality of building design and materials of the principal building.
- 8.5.2. Screening fences shall be opaque double-sided construction. Where screen fences are allowed or required by this Bylaw, they shall be of an opaque or a combination of opaque and lattice design. Materials may also include natural hedge planting or must be approved manufactured fences.
- 8.5.3. Fencing which is less than 2.0 m in height may be sited on any portion of a lot provided that it is less than 1.3 m in height when sited closer to any street than the building setbacks for the zone in which the fence is located.
- 8.5.4. No fence constructed at the natural grade in rural residential or residential zones shall exceed 2.0 m in height except where abutting a commercial or industrial zone, the maximum height is 2.4 m. On a sloping site, where fence panels are used, the height of each section shall be measured at the mid-point of each panel.
- 8.5.5. No fence in a non-residential zone shall exceed 2.4 m.
- 8.5.6. Industrial zones are to have an opaque 2.4 m high fence around all storage yards, along all property lines abutting non-industrial zones and around wrecking yards that are visible from a street abutting the property.
- 8.5.7. No barbed wire fencing shall be allowed in any zone except in Rural Large Parcel zone for use in livestock enclosures.
- 8.5.8. Retaining walls on all residential lots, except those required as a condition of subdivision approval, must not exceed a height of 1.5 m measured from grade on the lower side, and must be constructed so that any retaining walls are spaced to provide at least a 1.5 m horizontal separation between them. All horizontal separations between retaining walls must be landscaped.
- 8.5.9. Notwithstanding Section 8.5.8, a retaining wall may be higher than 1.5 m, measured from grade, where the natural grade of the subject property is lower than the abutting property (see Diagram 8.4).
- 8.5.10. In the case of a retaining wall constructed in accordance with Section 8.5.8, the combined height of a fence on top of a retaining wall at the property line or within 1.5 m of the property line shall not exceed 2.0 m, measured from natural grade at the abutting higher property (see Diagram 8.5).

- 8.5.11. Notwithstanding Section 8.5.10, where an affected property remains at natural grade and the subject property constructs a retaining wall and a fence within 1.5 m of the property line (see Diagram 8.5), the maximum height for a fence on the affected property shall be no greater than 1.8 m above the height of the retaining wall or 3.0 m, whichever is less.
- 8.5.12. In the case of a retaining wall constructed in accordance with Section 8.5.10, the maximum height of a fence, or portion of retaining wall extending above the natural grade of the abutting higher property, or combination thereof, shall be 2.0 m, measured from the natural grade of the abutting higher property (see Diagram 8.5).

SECTION 9 -- PARKING AND LOADING

9.1. Off-Street Vehicle Parking

9.1.1. Where any development is proposed, including new development, change of use of existing development, or enlargement of existing development, off-street vehicle parking (including parking for the disabled, and visitors) or cash-in-lieu of parking shall be provided by the property owner in accordance with the requirements of this Bylaw.

9.1.2. Number of Spaces:

- a) The minimum number of off-street vehicle parking spaces required for each use is specified in the Parking Schedule (Table 9.1) except where additional parking is required by the Ministry of Transportation if the site has direct access to a provincial highway.
- b) Where calculation of the total number of parking spaces yields a fractional number, the required number of spaces shall be the next highest whole number.
- c) Where more than one calculation of parking space requirements is specified for a land use, the greater requirement shall be applied.
- d) Where the Parking Schedule does not clearly define requirements for a particular development, the single use class or combination of use classes most representative of the proposed development shall be used to determine the parking requirements.
- e) Where a development consists of a mix of use classes, the total off-street parking requirement shall be the sum of the off-street parking requirements for each use class.

9.1.3. Parking Spaces for the Disabled:

- a) Shall be designated if the B.C. Building Code deems that disabled access to the development is required.
- b) Shall be designated as parking space for the disabled using appropriate signage.
- c) Shall be included in the calculation of the applicable minimum parking requirement.
- d) Shall be as close as practical to the building entrance.
- e) In the Commercial and Public and Institutional zones, shall comprise 2% of the required parking stalls with a minimum of 1 parking stall for the exclusive use by disabled persons.

9.1.4. Parking Spaces for Visitors:

- a) Parking spaces for visitors shall be provided in accordance with the Parking Schedule (Table 9.1) of this Bylaw.

- 9.1.5. Location:
- a) For residential use classes:
- i.) all required off-street parking shall be located on the site of the development served by the parking;
 - ii.) no off-street parking shall be located in the required front yard except that a maximum of two required spaces may be located on a driveway which provides access to a required off-street parking space that is not in the front yard;
 - iii.) except for developments with 2 or less dwelling units, no off-street parking shall be located within 1.5 m of any side or rear property line or within 3.0 m of any flanking street; and
 - iv.) all visitor parking is to be easily accessible to the access points of the corresponding development and or buildings.
- b) For non-residential use classes:
- i.) some or all required off-street parking spaces may be provided on a site located remotely, but no further than 200.0 m (for C1 zones) or 120.0 m (for all other zones) measured along the shortest public pedestrian route from the nearest point of the parking to the nearest point of the site of the development served by the parking;
 - ii.) where required off-street parking is located on a site separate from the site of the development the owner of the remote off-street parking site shall covenant with the Village by agreement that the remote lands required for off-street parking shall be so used as long as required by this Bylaw, and the owner shall consent to pay the full cost of the preparation and registration of an agreement under Section 219 of the Land Title Act on the title to the remote lands; and remote parking shall be developed to the same standard as on-site parking;
 - iii.) unless otherwise stipulated, no off-street parking shall be located within 2.0 m of any front property line or any property line abutting a street; and
 - iv.) No off-street parking shall be located within 1.5 m of any side or rear property line abutting residential zones.
- c) At the option of the Village of Fruitvale, cash-in-lieu of parking spaces within the Village Centre may be accepted at an amount per space to be determined by Council, having regard to the cost of providing a paved public off-site parking space within the Village Centre area. No more than 50% of required parking spaces may be taken as cash-in-lieu.

9.1.6. Size:

- a) Each required off-street parking space shall conform to the following provisions:
- i.) Except as provided below, each required off-street parking space shall be a minimum of 2.5 m in width with a minimum clear length of 6.0 m exclusive of access drives or aisles, ramps, or columns. Parking spaces shall have a vertical clearance of at least 2.0 m. For parallel parking, the length of the parking spaces shall be increased to 7.0 m, except that an end space with an open end shall be 5.5 m. For parking spaces other than parallel parking spaces, up to 40% of the required parking spaces may be of a length shorter than that required above, to a minimum of 5.0 m.
 - ii.) Where the use of a parking space is limited on both sides by a wall or a column, the unobstructed width from face to face of the obstructions shall be 3.0 m, and if in this case, a building door opens into the parking space on its long side, the unobstructed width shall be 3.3 m. Where the use of a parking space is limited to one side by a wall or a column, the unobstructed width of the parking space shall be 2.7 m, and if in this case, a building door opens into the parking space on its long side, the unobstructed width shall be 3.0 m.
 - iii.) Disabled parking spaces shall be a minimum 3.7 m in width and minimum 6.0 m in length.
 - iv.) Aisles shall be 7.0 m wide for all two way aisles and for all 90o parking. One way aisles shall be 5.5 m wide for 60o parking, 3.6 m wide for 45o parking and 3.5 m wide for parallel parking.

9.1.7. Tandem Parking:

- a) Parking spaces may be configured in tandem for single detached housing, semi-detached housing, and duplex housing.
- b) In housing developments containing three or more dwellings, tandem parking may be allowed provided each dwelling has one directly accessible parking space and guest parking is not in tandem.

9.2. Off-Street Loading

9.2.1. Where any development is proposed, including new development, change of use of existing development, or enlargement of existing development, off-street loading spaces shall be provided by the property owner in accordance with the requirements of this Bylaw.

9.2.2. Number of Spaces:

- a) The minimum number of off-street loading spaces, including bus loading spaces, required for each use is specified in the Loading Schedule (Table 9.2).

- b) Where calculation of the total number of loading spaces yields a fractional number, the required number of spaces shall be the next highest whole number.
- c) Where more than one calculation of loading space requirements is specified for a land use, the greater requirement shall be applied.
- d) Where the Loading Schedule does not clearly define requirements for a particular development, the single use class or combination of use classes most representative of the proposed development shall be used to determine the loading space requirement.
- e) Where a development consists of a mix of use classes, the total off-street loading requirement shall be the sum of the off-street loading requirements for each use class, unless there is a complementary demand or differences in periods of use for loading that warrants a different requirement.

9.2.3. Location:

- a) Off-street loading space shall be provided entirely within the property of the development being served, and shall be subject to all setbacks and yard requirements specified elsewhere in this Bylaw.
- b) Off-street loading space shall be oriented away from residential development.

9.2.4. Size and Access:

- a) Each off-street loading space shall be of adequate size and accessibility to accommodate the vehicles expected to load and unload, but in no case shall a loading space be less than 28 m² in area, less than 3.0 m in width, or have less than 4.0 m in overhead clearance.
- b) Each required bus loading space shall be a minimum of 3.6 m in width, a minimum of 12.2 m in length, and have a minimum clearance of 4.6 m.
- c) Access to any loading area shall be provided, wherever possible, internally to the development or from a lane abutting the development.
- d) Access to any loading area shall be arranged such that no backing or turning movement of vehicles going to or from the site causes interference with traffic on the abutting streets or lanes.

9.3. Development Standards

9.3.1. Vehicle Parking and Loading:

- a) Every off-street parking or loading area required by this Bylaw to accommodate 3 or more vehicles, and every access road to such required parking or loading, shall have a durable, dust-free hard surface of concrete, asphalt or similar material, constructed such that surface drainage is directed to an approved drainage system or is contained on-site. Any requirement for concrete or asphalt does not apply to public parks and open space uses.

- b) Every off-street parking or loading area required by this Bylaw to accommodate 3 or more vehicles:
 - i.) shall clearly delineate individual parking spaces, loading spaces, spaces for the disabled, manoeuvring aisles, entrances, and exits with pavement markings, signs, and or other physical means;
 - ii.) shall direct surface drainage to the public storm sewer system, if available, or alternatively to approved planting areas or an approved on-site drainage system; and
 - iii.) shall be constructed with surface grades not exceeding 6%.
- c) No public street shall be used for the required aisle access to parking spaces. Where a lane is used for aisle access, the parking spaces shall be increased a minimum of 1.2 m in length.
- d) Where a parking or loading area is associated with a commercial or industrial use, and the development property abuts property in a rural residential zone, an urban residential zone, an institutional zone, or an abutting road right-of-way, the parking or loading area shall have a landscaped screen as required by Section 8.
- e) Every off-street parking or loading area required by this Bylaw to accommodate 50 or more vehicles at-grade shall incorporate landscaped open space within the parking area calculated on the basis of 2.0 m² of landscaped island area per required parking and loading space. This shall be landscaped in accordance with Section 8.
- f) Every off-street parking or loading area, and access thereto, shall have fencing, curbs, or secured wheel stops to prevent vehicles from encroaching upon property lines.
- g) Every off-street parking or loading area which is illuminated shall have all lighting positioned in such a manner that light falling onto abutting properties is minimized.
- h) Disabled parking shall be located as close to a main building entrance, on a level non-skid surface, as practical.
- i) Any trash storage or collection area co-existing with any parking or loading area:
 - i.) shall be clearly delineated as separate and in addition to required parking and loading spaces;
 - ii.) shall be located such that collection vehicles can gain access without undue interference with the operation of the parking and loading area; and
 - iii.) shall have a fenced or landscaped screen as required by Section 8.

9.4. Off-Street Bicycle Parking

- 9.4.1. Where any development is proposed, including new development, change of use of existing development, or enlargement of existing development, off-street bicycle parking shall be provided by the property owner in accordance with the requirements of this Bylaw.

9.4.2. Number of Spaces:

- a) The number of off-street bicycle parking spaces required for each use class is specified in the Bicycle Parking Schedule (Table 9.3).
- b) Where calculation of the total number of parking spaces yields a fractional number, the required number of spaces shall be the next highest whole number.
- c) Where more than one calculation of parking space requirements is specified for a land use, the greater requirement shall be applied.
- d) Where the Bicycle Parking Schedule does not clearly define requirements for a particular development the single use or combination of uses most representative of the proposed development shall be used to determine the parking requirement.

9.4.3. Development Standards:

- a) Bicycle parking stalls shall be a minimum of 0.6 m in width and a minimum of 1.8 m in length, shall have a vertical clearance of at least 1.9 m, and shall be situated on a hard surface.
- b) Aisles between parked bicycles should be a minimum of 1.2 m in width.
- c) Bicycle racks shall be constructed of theft resistant material, shall be securely anchored to the floor, building, or ground, shall support the bicycle frame above the centre of gravity, and shall enable the bicycle frame and front or rear wheel to be locked with a U-style lock.
- d) Bicycle racks shall be located in a convenient, well-lit location that is easily located and accessible by visitors and subject to casual surveillance by occupants of the building served by the rack.

9.5. General Provisions

- 9.5.1. Where provision of off-street parking or loading spaces is required by this Bylaw, a plan of the proposed site layout and landscape plan shall be included with the development permit application or building permit application if no development permit is required. The site plan must be drawn to scale and must clearly illustrate the lot size and configuration, building locations, parking spaces, loading spaces, on-site circulation, access driveways, landscaping, fences, and any other details relevant to the review of the development proposal.

9.5.2. Off-street parking spaces shall not be credited as off-street loading spaces or vice versa.

SECTION 10 -- SPECIFIC USE REGULATIONS

10.1. Application

- 10.1.1. The specific use regulations shall apply to all development unless otherwise exempted in this section.
- 10.1.2. Where these regulations may be in conflict with any zone development regulations or general regulations, these specific use regulations shall take precedence.

10.2. Home Occupation

- 10.2.1. A Home Occupation is permitted within the principal dwelling or one accessory building in all residential zones.
- 10.2.2. Appearance:
- a) The character and appearance of the principal dwelling or an accessory building must remain residential.
- 10.2.3. Floor Area:
- a) The maximum floor area is 25 % of the total floor area of the principal dwelling to a maximum of 40 m².
- 10.2.4. Signage:
- a) The maximum number of signs to be located on the property is one non-illuminated sign with a maximum sign area of 0.3 m² and a maximum height of 1.5 m. for a free standing sign and is to be related to the home occupation business operated on the property.
- 10.2.5. Employees:
- a) A Home Occupation may employ only persons who permanently reside in a dwelling unit located on the subject property.
- 10.2.6. Prohibited Uses and Activities:
- a) The following uses and activities related to Home Occupation are prohibited:
- i.) Exterior storage;
 - ii.) Business activities outside the principal or accessory use building;
 - iii.) Parking of commercial vehicles larger than 5500 kg gross vehicle weight;
 - iv.) Parking of heavy industrial equipment;

- v.) Automotive or motorized vehicle repair except that the repair of vehicle parts such as transmissions, starters, motors and other parts that have been removed from a vehicle off-site and transported to the site for repair is permitted;
- vi.) Marine repair except that the repair of canoes and kayaks or the repair of marine vessel parts or accessories removed off-site and transported to the site for repair is permitted;
- vii.) Auto-body repair including upholstery, detailing or cleaning;
- viii.) Wrecking yard;
- ix.) Eating or drinking establishment except that catering where consumption will take place off the residential premises is permitted;
- x.) Veterinary hospital or kennels;
- xi.) Welding and fabricating;
- xii.) Cutting, wrapping, processing, or smoking of meat, wild game or fish;
- xiii.) Crematorium or funeral homes except that funeral and estate planning or casket making is permitted.

10.2.7. Nuisances:

- a) The home occupation must not produce noise, vibration, smoke, dust, odour, litter or heat outside the confines of the principal or accessory building.
- b) The home occupation must not create off-site traffic congestion or parking congestion.
- c) The home occupation must not create a fire hazard, glare or electrical interference.

10.2.8. Compliance:

- a) Every home occupation carried out within the boundaries of the Village of Fruitvale must comply with the provisions of this bylaw.
- b) Retail sales are permitted onsite provided the product is produced on the premises.

10.3. Secondary Suites

- 10.3.1. Secondary suites, when permitted, are to be located only in a new or converted single detached house. No structural alterations or additions shall be undertaken that alters the existing character and form of the neighbourhood.
- 10.3.2. No more than one secondary suite shall be permitted per principal dwelling unit.

SECTION 11 -- SIGNS

The following regulations of this bylaw shall apply to signs in the Village of Fruitvale.

11.1. Application

No person shall construct, place, erect, display, alter, repair or re-locate a sign permitted by this bylaw except in accordance with these Signage Regulations currently in effect in the Village.

11.2. Definitions

11.2.1. For the purpose of this bylaw words and phrases shall have meanings set forth in this section. Words and phrases not defined in this section but defined in Section 3 – INTERPRETATION, shall have the meanings set forth in that section of the Zoning Bylaw.

11.3. Sign Definitions

11.3.1. A Sign is a structure, device or visual display which contains information and where the intent is to attract the attention of persons for the express purpose of the communication of that information. It does not include the following:

- Display of goods placed in a window;
- Gravestones or other markers placed for historical or memorial purposes;
- Private celebratory or holiday decorations;
- Murals;
- Traffic control devices.

The following is a list and associated definitions, of both Permanent and Temporary signs. A list of prohibited and permitted signs is provided in Section 11.4 and 11.5, respectively.

PERMANENT SIGNS

These signs must be constructed of durable materials and are intended to exist for the duration of time that the use or occupant is located in the premises. Building mounted signs are erected on, applied or attached to a building. Freestanding signs are entirely self-supporting and are neither attached to nor form part of a building.

- 1. **Awning and Canopy Signs** – means a sign painted, stamped, perforated, stitched or otherwise applied to an awning or canopy (See General Definitions Section).

- 4. **Directory Sign** – means a sign listing four (4) or more businesses located on the same parcel or at four (4) or more adjoining parcels.

- 2. **Billboard** – means an exterior structure panel, board, or object designed exclusively to support text or advertising material that is posted, fastened, painted or otherwise affixed thereto by means permitting its ready removal or replacement, which customarily does not directly apply to the premises or uses where it is displayed.

Prohibited in Fruitvale

- 5. **Display Box** – means a sign that is enclosed within a case allowing the viewing of menus, recreational or entertainment events.

- 3. **Notice Board (Community)** – means a permanent sign used to display educational material, promoting non-profit community events and notices.

- 6. **Fascia Sign** – means a sign mounted or displayed parallel to the face of the building on which it is located and does not extend above the eaves, parapet or roof edge.

7. Home Occupation Sign - means a sign indicating the name and/or address of a home occupation on the premises where it is located.

8. Monument Sign - means a sign which is supported by a solid base, as opposed to poles, posts or other supports that you might otherwise see in a pylon sign.

9. Parapet Sign - means a sign erected on the portion of a building fascia or wall that rises above the roof level of the structure.

10. Pole/Pylon Sign – means a freestanding sign with a visible support structure such as poles, columns, or posts that are permanently attached to the ground, and which is not connected in anyway to any building or other structure.

11. Projecting Sign - means a sign which is erected on and projects from the building face and is normally at right angles to the building face.

12. Public Information Sign - means a sign erected for or at the direction of a government authority, agency board or committee for the purpose of providing information to the public concerning such authority, agency, board or committee, or any proceedings thereof, and shall include signs that advertise applications for the official community plan or zoning bylaw amendments.

15. Window Sign - means a sign that is painted on or attached to a window and is intended to be visible from the exterior of the building.

TEMPORARY SIGNS

Temporary Signs are designed in such a manner that the sign can be readily relocated to provide advertising at another location or taken on to or off a site.

13. Suspended Sign - means a sign suspended entirely underneath an awning, canopy or other similar structure.

16. Balloon Sign - means a sign that is inflatable, three dimensional which affixed or anchored to the ground or a structure.

Prohibited in Fruitvale except for Special Event or opening of new premises, not to be placed dormant for a period of greater than 7 days.

14. Roof Sign - means a sign erected upon the roof of a building.

17. Banner - means a sign composed of lightweight material including cloth, canvas or similar fabric.

18. **Developmental Sign** – means a sign advertising a new (land) development or group of lots for sale within a new subdivision. It may include, but not limited to, the name, nature, and particulars of a new development project, the names of the owner(s), the contractors, the subcontractors, and professional advisors and logos or symbols identifying the project.

21. **Poster** – means any paper, cardboard, or plastic sign or like any handbill, circular, leaflet, pamphlet poster, flyer, paper, or other printed matter.

19. **Election Sign** - means a sign promoting a political candidate, political party or political cause prior to an election.

22. **Real Estate! Sign** - means a sign which contains information indicating that property or premises on which it is located is for sale, lease, or rent.

20. **Free Standing Portable Sign** - means a temporary sign having independent supports, standing apart from a building, or mounted on a vehicle or trailer, and not permanently affixed to land.

Prohibited in Fruitvale

23. **Sandwich Board (A-Board)** - means a sign that is not permanently affixed to a building or base and stands on the ground without any additional support.

24. Special Event Sign - means a temporary sign advertising or notifying the public of a community event or special situation that requires alerting the public.

11.3.2. Additional and Related Definitions

Externally-lit (or Front-lit) – means a sign illuminated from an external source.

Internally-lit (or Rear/ Back-lit) – means a sign illuminated from an internal source.

Neon-lit – means a sign that uses exposed neon tubing as the principal illumination method.

Animated Sign – means a sign depicting action, motion, light or color changes through electrical or mechanical means.

Flashing Sign – means a sign containing an intermittent or flashing light source, or which includes the illusion of intermittent or flashing light by means of animation, or an externally mounted intermittent light source.

Revolving Sign – means a sign that has the ability to turn up to 360 degrees.

Abandoned Sign – means a sign or sign support structure that directs attention to an activity, business, product or service no longer conducted or available on the lot on which the sign is located or at the location stated on the sign.

Changeable Copy Signs – mean signs that allow for changes to be made to the sign copy, either electronically (i.e. by means of switches, lamps or illuminated tubes) or manually (through the use of attachable letters, numbers and/or graphics).

Copy – means the content of a sign surface, including letters, pictures, logos and/or symbols.

Erected – means attached, altered, built, constructed, or reconstructed and shall include the painting of signs but does not include copy changes on any changeable copy sign.
